**Wednesday:
January
Town Hall**

08

**Wednesday:
Newspaper
Meeting**

09

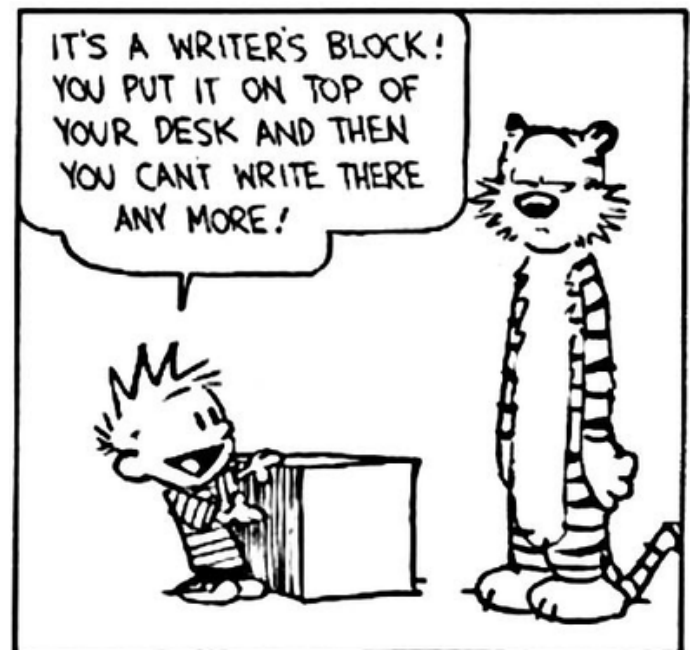

**Thursday: Pre-Med
Guest Speaker**

Hello everyone! We are back, and we hope everyone had a relaxing break and is ready to start this new year with everything they have! January 6th to January 10th is the second week of this month and this marks the beginning of a brand new year! A year with many opportunities in the future for us to grow, learn, and make exciting memories with each other. Whether you're jumping back into your school routine or just easing into things slowly, this is the perfect time of the month to set up goals for the months ahead. Let us start this year strong, with more organization, and make the most of this fresh start.

What's Happening This Week?

BHSEC Bronx is filled with buzz because this week will start as a full week of school, which means clubs and events return to their regular schedule. These are some things that are happening this week:

- **Pre-Med Club:** This Thursday after school, the Pre-Med Club will have a guest speaker from the South Bronx Community Health Program. If you've ever thought about working in medicine or healthcare, this is the perfect time to get involved! If you're interested, please contact Ms. Natalie in the Learning Center for more information.
- **Newspaper Club:** The Newspaper Club is meeting on Wednesday to brainstorm for the next issue of The EarlyBard, set to be released at the end of the month. If you're a writer, photographer, designer, or anyone interested in this creative process, you are all welcome to join!
- **Town Hall:** On the first Wednesday of every month, BHSEC Bronx has a Town Hall where students, faculty, and staff come together for a period to enjoy our time together with many different activities. These include concerts, guest speakers, and award ceremonies. What could this upcoming town hall have in store for us this time? Let's find out!

What To Look Forward To?

Although we're still a few weeks away from the third issue of The EarlyBard, the Newspaper Club is going to start their brainstorming this Wednesday to create something inspiring, informative, and fun for our community of readers. Expect stories on school events, opinion pieces, poems, and much more thanks to our student writers and the Newspaper team! If you have ideas from what you would like to see in this upcoming issue, contact the Chief Editors, Sajia Uddin & Ariella Thompson.

Martin Luther King Jr.**

Cervical Cancer Awareness Month

January is Cervical Cancer Awareness Month: a time to raise awareness about the importance of prevention, screening, and treatment for cervical cancer. It is primarily caused by a persistent infection with high-risk papillomavirus(HPV), which is preventable and treatable when detected early. The World Health Organization’s Cervical Cancer Elimination Initiative advocates for HPV vaccination, regular screenings, and easily accessible treatments in an effort to eliminate cervical cancer by 2100. Let’s take this opportunity to learn more, share love, and support the efforts for this cause!

Weekly Motivation

The start of a new year and semester is your chance to turn the page and start fresh. If last semester felt challenging, think of this moment as an opportunity to learn from those experiences and grow stronger. Small, consistent steps can lead to bigger changes. Whether you’re setting academic goals, personal resolutions, or just aiming to show up as your best self, take this moment to shine, and don’t forget to reward yourself along the way.

A Final Note

This week is all about finding your rhythm and setting the tone for success. Use this time to organize your schedule, catch up with friends, and start the year with positivity and purpose. Remember, BHSEC Bronx, the sky’s the limit when you’re focused, determined, and working with each other.

Have an amazing week, and as always—keep Bardin’ on!
